### Our Vision

Together, we deliver the healthcare of the future.  
*Providing the Best Care for the people of the West, in the right place and at the right time.*

The CNC will contribute to providing quality health and well-being services for our consumers demonstrating proficient to expert behaviours across the five domains of leadership, research, evidence-based practice, education & learning and clinical expertise as identified in the Western Health Nursing and Midwifery Professional Practice Framework.

## Business Unit Overview

The Pain Management Clinical Nurse Consultant coordinates the provision of pain management services to a variety of patient groups, including acute peri-operative & trauma patients and patients with complex pain management needs. Under the direction of the Department of Anaesthesia and Pain Medicine a multidisciplinary model of care is provided in collaboration with the Acute Pain Management Service co-ordinator, the Pain Registrars and other members of the Department Anaesthetic and Pain Medicine.

## Key Responsibilities

### Leadership

- Communicates information and expectations clearly and concisely in a way that builds effective and collaborative working relationships with others.
- Maintains a professional demeanour and serves as a role model for all nursing staff, both as a clinician and in line with behavioural expectations.
- Provides leadership in clinical situations demanding action.
- Take accountability for own actions and others under direction and sphere of responsibility
- Promotes a culture of innovation, education, excellence and consumer/client first focus, through policies and practices that support and recognise individual and collective team contribution.
- Demonstrates strong mentoring skills within the nursing and multidisciplinary team and supports succession planning.
- As an expert resource, provides expert clinical knowledge and direction to ensure that clinical standards, policies and procedures promote a consumer focussed model of care.
- Exhibit a high level of emotional self-control and flexibility in complex, changing, and/or ambiguous situations and when confronted with challenges
- Maintains and fosters relationships with appropriate internal and external stakeholders.

### Research

- Obtains feedback through means such as surveys to ascertain whether service standards meet stakeholder expectations and responds to any identified deficits.
- Identifies areas that require improvement through observation, audits, incidents and staff feedback and implements improvement initiatives accordingly.
- Lead quality or practice improvement initiatives at local level and/or contributes to quality or practice improvement initiatives at program or organisational level
- Apply research evidence to clinical practice, has well developed strategies to inform practice in the absence of high level evidence
- Present and publish in appropriate professional conferences and journals and remain informed of the current literature

### Evidence Based Practice

- Using evidence-based practice, participate in evaluation of the progress of individuals and groups towards expected outcomes and reformulation of care plans.

## Our Vision

**Together, we deliver the healthcare of the future.  
Providing the Best Care for the people of the West, in the right place and at the right time.**

- Be familiar with local and organisational policies, procedures and guidelines
- Contribute to adverse event investigations, and undertake individual and team-based reflective practice
- Continuously reviews existing practices and policies according to evidence-based practice to minimise adverse, promote positive consumer outcomes and identify areas of improvement in nursing practice
- Participate in new initiatives to enhance patient and consumer outcomes and experience, or staff employment outcomes and experience
- Identifies opportunities for process redesign and to support staff in the implementation of redesign projects and activities.
- Be aware of Western Health's Strategic Priorities, and ensure activities align with these priorities

### Education & Learning

- Maintains and updates own professional development portfolio to demonstrate an ongoing commitment to learning and best practice.
- Exchange and share information from participation in seminars and conferences with colleagues via huddles, in-services, presentations, education forums, team and other meetings
- Provides education within area of extended nursing knowledge, skills & essence of nursing to multidisciplinary team members and consumers/families.
- Works with less experienced nurses to develop their capabilities.
- Promote the development of, and involvement in, professional networks and learning communities
- Develop and evaluate policy initiatives that aim to foster patient/consumer involvement and provide them with real and meaningful choices about treatment options

### Clinical expertise

- In a consulting capacity, provides clinical nursing expertise and direction in line with clinical standards policies and procedures to both internal and external customers, including providing high level nursing assessment, care planning and interventions/procedures.
- Is responsible for a timely response to referrals and manages and provides assistance to others in prioritisation and completion of tasks such as completion of necessary statistical data, including entry to support financial recuperation as appropriate.
- Act as a primary resource in relevant area and ensure the provision of high quality, culturally sensitive consumer care in partnership with consumers, their significant others and other members of the multidisciplinary care team
- Provides an efficient and customer focussed service commensurate with senior status and role. Analyses situations and make appropriate decisions in a timely manner that meets the needs of consumers, staff and organisation.
- Act to ensure safety by managing clinical risk and intervene, as necessary, to achieve optimal outcomes for patients/consumers and teams
- Represents clinical specialty in multidisciplinary working groups
- Contributes to a Quality and Business Plan as required in accordance with the National Safety and Quality Health Service Standards and Western Health Guidelines

In addition to the key responsibilities specific to your role, you are required to deliver on the [Key Organisational Accountabilities](#) which are aligned with the Western Health strategic aims.
